"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Syrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible, by all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by Grubler Bros.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With a pill he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Grubler Bros.

Diastrophs Fire at Toronto.

TORONTO, March 3.—A fire which is believed to be of incendiary origin started yesterday noon in Simpson's big dry goods store and blazed until 1 o'clock. Before it was subdued it had destroyed seven hundred boxes of goods, partly destroyed two others and burned the tall spire of the Knox Presbyterian church. The total loss is estimated at \$75,000.

An Ex-Judge Indicted.

OHAMA, March 3.—Ex-County Judge Eiler has been indicted by the grand jury. His tactics were known to be considerably mixed when he went out of office. He is alleged to have spent many thousands of dollars. The indictment was returned on testimony charging Eiler with holding money belonging to various estates.

It has been proven by living witnesses that Pau Tia is a remarkable specific for the quick cure of difficult and dangerous throat and lung troubles—its equal can't be found. Costs 35 cents. Pau-Tia is sold at Grubler Bros. drug store.

NO HAWAIIAN EXECUTIONS.

The Men Condemned to Death Get Long Terms of Imprisonment.

SAN FRANCISCO, March 4.—The steamer Australis arrived on Saturday, seven days from Honolulu. Among her passengers are thirteen exiles from the Hawaiian Islands. Among the number are only a few who have been accused of actual complicity in the recent revolution. The others are mostly Britishers and Germans who made themselves obnoxious to the republican government by doing too much talking.

The most important news brought by the steamer was the decision of President Dole and cabinet committing to imprisonment the death sentences imposed by court martial upon Wilcox, Seward, Rieckard and Gulick, the four leading rebel plotters. The sentences were commuted to thirty-five years' imprisonment and a fine of \$10,000 each.

It appears that President Dole has been opposed to executions, and his feelings were shared by members of the cabinet. The other sentences are: Thomas Walker, thirty years and a fine of \$5,000; Carl Wideman, thirty years; William Greig, twenty years, and Louis Marshall, twenty years. The last two were fined \$10,000 each. James C. Lane was given five years and a fine of \$5,000.

Samuel Nowlin and Henry Bertleman, two of the prominent leaders, have been allowed their liberty. They gave valuable evidence for the government.

Although the ex-queen's sentence has not been made public, the Associated Press correspondent was informed by a cabinet officer that she has been sentenced to serve five years in prison and to pay a fine of \$5,000. It is understood that the sentence will not be changed by the president.

A Steamer Broken in Two.

BOSTON, March 4.—The British steamer Venetian, of the Furness line, Captain Farrington, from Boston to Liverpool, which struck on Lower Middle ledge on Saturday afternoon, broke in two yesterday, and is a total wreck. Two of her crew were badly burned by the bursting of a steam pipe as a result of the force of the blow when the steamer struck, and twenty-one head of cattle and a number of sheep were scalded to death in the same way. The injured are: Isaac Dowell, fireman, 28 years old, London, burned about the head; John Hodges, 25 years old, London, burned about head and arms. The financial loss is estimated at over \$300,000.

Two Killed by Exploding Acid.

PITTSBURGH, March 4.—By the explosion of a tank of sulphuric acid at McKeesport yesterday two men were instantly killed and two injured. The killed are W. P. Morgan and William Hill. The injured are William Lavette and Mike Sovereign. The three first named were employees the National Tube works and were engaged in transferring a carload of sulphuric acid to a tank inside the works. Suddenly the tank exploded and the men were hurled many feet. Hill was terribly mangled and died instantly, and Morgan had his neck broken. Lavette was thrown twenty feet and seriously injured.

Rebel Armament Captured.

TEGUCHI, Honducas, March 4.—The government has seized large quantities of arms which were concealed here once at Juaran and Comaygna. It is claimed that they were to have been used in a revolution in favor of the ex-President Vasquez. The American defaulter, Lewis F. Menage, was here several days during the past week and left on Saturday for the coast where he has made his home for the last five months. It is said that he is now arranging with his creditors so that he may return to the United States.

The Cuban Uprising.

MADRID, March 4.—It is probable that Marshal Martinez de Campos will shortly succeed General Caillet as governor general of Cuba. The council of ministers has decided to ask the cortes for an unlimited credit to be used in suppressing the revolt in Cuba, and the Cuban treasury will be called upon to reimburse the government. Latest telegrams report that the troops in the province of Santiago de Cuba have routed 300 insurgents at Veguillas, killing eleven and capturing many.

China's Peace Envoys.

SHANGHAI, March 4.—It is proposed that Li Hung Chang and Prince Kang, the Chinese peace envoys, be met by the Japanese representatives at Shimonoeki, in the southwestern part of the island of Niphon (Hondo), the largest island of Japan. If the credentials of the Chinese are found to be satisfactory the negotiations will be transferred to Hiroshima, where the mikado and his court are staying.

Indicted for Torturing a Child.

LEBANON, Pa., March 4.—Mrs. Mary Leob, of North Fourteenth street, was held to answer to the March grand jury Alderman Booth for holding her 4-year-old adopted son, George Reagan, and a child of Patrick Reagan, over a slow fire until his limbs were badly blistered and almost roasted. The woman furnished \$500 bail for appearance.

Poisoned Her Stepson.

BANGOR, Me., March 4.—The jury in the case of Mrs. Mary Cowan, charged with poisoning Willie Cowan, the 7-year-old husband of Elias Cowan, the woman's third husband, brought in a verdict of murder in the first degree. Mrs. Cowan heard the verdict without apparent emotion. Her counsel will file a motion for a new trial.

Sailor Washed Overboard and Drowned.

LONDON, March 4.—The Norwegian bark Mathilda, which sailed from Apalachicola, Fla., Dec. 18, for Fleetwood, laden with timber, arrived at Holyhead yesterday. She reports having encountered a number of icebergs during the passage. One member of the crew was washed overboard and drowned.

Clever Safe Robber Captured.

CHICAGO, March 4.—The police last night arrested in this city George Havill, who, it is claimed, is wanted in Rochester, N. Y., on a charge of attempted robbery. Havill is said to be one of the cleverest safe robbers in the country. He will be held to await the arrival of an officer from Rochester.

Grand Duke Alexis Dead.

SAN REMO, Italy, March 4.—Grand Duke Alexis Michaelovitch is dead. The deceased should not be confounded with the Grand Duke Alexis of Russia, the uncle of Czar Nicholas II of Russia. The dead man was only a second cousin of the czar and but little is known of him.

A Princely Suicide.

PARIS, March 4.—Prince Achille Murat has committed suicide in the Caucasus by shooting himself with a revolver in a fit of insanity.

PENNSYLVANIA LEGISLATURE.

Much Good Expected from the Selection of a Steering Committee.

HARRISBURG, March 4.—The legislature has moved very slowly since the recess. The sessions of the past week were frittered away in useless debate and petty wrangling over trifles without accomplishing anything. If this lack of interest continues spring will find the lawmakers at the state capital with practically nothing done. In the house the anti-week was devoted to the consideration and passage of second reading of the Farr compulsory education bill and the bills decreasing the fees of district attorneys and changing the practice of counties not having poorhouses "farming out" their poor.

The selection of a steering committee, which has been decided upon by Governor Hastings and Speaker Walton, will, it is thought, bring order out of disorder, and result in much good.

In the senate a few bills passed the final stage, the most important being the Marshall pipe line repeal measure and the act creating a department of agriculture.

Both have passed the house and are now awaiting the action of the governor. The "third book" bill is also with the governor. It is believed that he will dispose of it tomorrow by returning it to the legislature without his approval.

Senator Quay will be here after congress adjourns to consult with the governor and his lieutenants relative to certain legislation in which he is interested. It is thought the senator's visit will settle the dispute over the Philadelphia affairs and the proposition for a Philadelphia investigation committee.

The house committee on counties and townships will give a final hearing on Tuesday to the bill creating the county of Schuylkill counties. Both sides have endeavored to interest Senator Quay in their cause, but he has refused to lend the use of his name or assistance to either.

On Wednesday the Smith bill prohibiting the wearing of any religious garb by any teacher in the public schools will come up in the house on a special order for second reading. The general judiciary committee has eliminated the penalty clause, and its friends will endeavor to restore it when it reaches this stage.

The Pope's Seventeenth Anniversary.

ROME, March 4.—The seventeenth anniversary of the coronation of Pope Leo XIII was celebrated yesterday with solemn pomp and ceremony. Preceded by all the members of the Sacred College of Cardinals at present in Rome the pope was carried from his apartments to the magnificent stately chapel. As his holiness appeared he was greeted with acclamations, many of the spectators falling upon their knees and the host of the church on earth passed along in his reveries. Cardinal Vannutelli celebrated mass, the pope assisting. After the singing of the Te Deum the procession was reformed and the pope withdrew from the chapel with the same ceremony that marked his entrance.

Drove Off the Train Robbers.

SACRAMENTO, Cal., March 4.—Train No. 3 was held up near Antelope Station yesterday by two masked men, dressed in uniform. One of the highwaymen kept the engineer under guard, while his partner took the fireman to the baggage car and compelled him to uncouple it from the train. He returned to the cab with the fireman and ordered the engineer to go ahead. As the engineer slowed up in response to an order the fireman grappled with a blow from his revolver. The engineer attempted to hit his man with a wrench, but he jumped to the ground, and both robbers escaped into the woods. The engine then backed down to the train.

American Missionaries Endangered.

LONDON, March 4.—A dispatch to The Daily News from Constantinople says that the situation of the missionaries of the American Board of Foreign Missions at Marash is critical. The governor of Aleppo has accused them of insurrectionary designs, and has caused the police to seize and open all letters, boxes of food and clothing addressed to them. He has also imprisoned the multitudes who were conveying the boxes. A catastrophe is possible at any moment through an outbreak on the part of the incensed population.

A Noted British Admiral Dead.

LONDON, March 4.—Sir Geoffrey Thomas Phipps Hornby, admiral of the fleet, and first and principal aide-de-camp to the queen, died yesterday, aged 69. He was commander-in-chief of her majesty's naval forces in the Mediterranean during the trying times in 1878 when war was apprehended between Great Britain and Russia and when the British fleet was ordered to the Barchonelles. He finally reached the rank of admiral of the fleet on May 1, 1888.

Death of Ismail Pasha.

CAIRO, March 4.—Ismail Pasha, the noted ex-khedive of Egypt, died in Constantinople on Saturday, aged 61. Ismail Pasha was chiefly noted for his lavish expenditures, and these led to frequent internal dissensions. Finally, in 1879, Turkey's sultan issued a decree, under the pressure of England and France, deposing Ismail Pasha and appointing his son Tewfik in his stead.

The Doherty Jury Disagrees.

NEW YORK, March 4.—The jury in the case of ex-Police Captain Doherty, accused of accepting protection money from the keeper of a disorderly house, announced that they had been unable to agree upon a verdict. The vote of the jurors stood nine for acquittal and three for conviction. Judge Ingraham discharged the jury, and this gives the accused a new trial.

Twelve Killed by Explosion.

VIENNA, March 4.—A boiler in a distillery at Itzky, Roumania, exploded yesterday, doing great damage to the building and causing the loss of twelve lives. One workman, who was sleeping in a room above the boiler, fell into a tank of spirits and was literally boiled to death. A number of workmen were injured.

Hanging Day in Pennsylvania.

HARRISBURG, March 4.—Charles Garrett, the Lebanon murderer, who after his release from the Eastern penitentiary, cut his wife's throat, will be hanged on Monday, May 7. Daniel Werling, of Pittsburg, and John Eisenmeyer, of Greene county, will die on the scaffold the same day.

The Weather.

For eastern Pennsylvania, New Jersey and Delaware, colder and probably light tonight; cold waves, south winds, shifting to north. For District of Columbia and Virginia, cold wave Monday night; south winds, shifting to westerly.

Aftermath. After death—grief. After the snow—mud. After getting wet—a cold. After the ball—headache. After a fight—in the lockup. After marriage—repentance. After a good job—disappointment. After a hearty dinner—indigestion. After a drunk—an empty pocket-book.

Fraudulent Naturalization Papers.

WILKESBARRE, Pa., March 4.—It has just been discovered that a large number of fraudulent naturalization papers were used in the February election. In one district over eighty of the papers were given to aliens. The name of Clerk of the Courts Lesktony was forged and the seal of the county was obtained in some manner unknown to the officials. Some prominent politicians are implicated. Arrests will follow.

Three More Bodies Found.

NEW YORK, March 4.—The fall of the building in the course of construction in Orchard street on Friday is found to have been more destructive of life than was supposed. On Saturday three dead bodies were removed from the ruins, making the casualties five killed and eight seriously injured. The bodies recovered are those of John Marie, Joseph Crescenti and Joseph Marro, all of whom were employed upon the building.

Arrested for Robbery.

YORK, Pa., March 4.—Detective Samuel Wallick, of this city, and Constable Deorbaugh, of Codorus township, have arrested Conrad Albright, a school teacher, and Milton Hamme and Allen Garman, all young men of Codorus township, on the charges of robbing the home of the Albright brothers, in that section, last week, and also for the shooting of Adam Albright at the time.

An Officer Murdered by a Tramp.

ELIZABETH, N. J., March 4.—During a raid made on a gang of tramps at the tank house of the Pennsylvania railroad, near East Railway station, Alfred E. Jewell, a special policeman, was shot and killed. The murderer was arrested, and gave his name as John Sloan, and his age as 38. John Nolan and John Kelly, two others of the gang, were arrested. The rest escaped.

THAT'S QUEER!

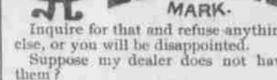

You say a collar and cuff that are water-proof? Yes. And perspiration will not affect them? Yes. And when dirty you need only wipe them off with a wet cloth or sponge? Yes.

Wonderful! How are they made? A linen collar covered on both sides with water-proof "CELLULOID." Looks exactly like a linen collar.

Is it the only water-proof collar and cuff made? No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best.

How can I know that I get the right kind? Because every piece is stamped as follows:

Inquire for that and refuse anything else, or you will be disappointed. Suppose my dealer does not have them? He probably has, but if not, send direct to us, enclosing amount. Collars 25c., Cuffs 50c. State size, and whether collar wanted is stand-up or turned-down.
